

Springer Healthcare is proud to be an EXCLUSIVE vendor for the American Diabetes Association®

Translated reprints and ePrints

Springer Healthcare holds exclusive translated reprints rights for the ADA Journals *

The American Diabetes Association

The ADA is the most trusted authority on diabetes prevention, research, and health care. Their variety of publications provide more than 40,000 researchers, physicians, diabetes educators and other professionals with the latest information on treatment advances, clinical guidelines, and cutting-edge research.

Diabetes Care

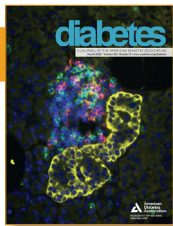

Diabetes Care, ADA's highest-ranked journal, is devoted exclusively to diabetes treatment, care, and prevention. The journal publishes original research, ADA statements, consensus reports, and clinically relevant review articles.

For further information, visit:
care.diabetesjournals.org

Clinical Diabetes

Clinical Diabetes is a quarterly journal for primary care providers. Each issue contains one or more feature articles on the latest trends and innovations in diabetes care and treatment, as well as mini-reviews of landmark studies, practical treatment pointers, and best practices related to diabetes care.

For further information, visit:
clinical.diabetesjournals.org

Diabetes

Diabetes, ADA's flagship research publication, is the highest-ranked journal devoted exclusively to basic diabetes research. The journal publishes original, peer-reviewed research on biological mechanisms underlying diabetes and its complications.

For further information, visit:
diabetes.diabetesjournals.org

Diabetes Spectrum

Diabetes Spectrum is a quarterly journal for diabetes educators, nutritionists, nurse practitioners, and other health care providers. Each issue of the journal examines a specific diabetes care topic, with a focus on translating recent research findings into practical clinical applications.
